MyShare: Free Shares

Introduction

The following is a summary of the tax treatment of an award made to you by Anglo American plc under the MyShare: Free Shares (the "Plan"). This summary assumes that you have been resident in Botswana during the lifecycle of the award.

The tax treatment as explained herein is intended as a guide only. It is limited to a general description of the national tax laws, and is not intended to address city, regional, or other local tax laws that may be applicable to you. It may not apply to your particular tax or financial situation, and we are not in a position to assure you of any particular tax result. Therefore, we recommend that you consult with your own independent tax advisor regularly to determine the consequences of taking or not taking any action concerning your shares, and to determine how the tax or other laws in Botswana apply to your specific situation. This information was last reviewed in January, 2026.

You will not have to pay any tax at the time you are granted an award under the Plan.

Will I pay tax when my award vests?

When your award vests, income tax will be triggered on the market value of the shares at the time of vesting at rates of up to 25%.

You will not be required to pay any social taxes.

Will the company withhold any taxes from awards?

Anglo American plc will deduct and withhold tax on your behalf.

Any variance between the amount of tax withheld and your actual tax liability will be your responsibility.

How will any benefits under the Plan be reported?

You will need to report:

- Any income tax due on vesting of the shares to the tax authorities in the annual tax return, due by September 30.

Will I have to pay any tax on any dividends paid on the shares?

A dividend is a right to participate in the company's profits, at the discretion of the board of directors.

Any dividends you receive will be taxed at a rate of 10%.

Will I pay any tax when I sell my shares?

As the calculation of capital gains can be complex and may be subject to certain exemptions, we recommend that you consult your personal financial/tax advisor.

If the sale price of your shares is higher than their cost basis (broadly, the cost basis is equal to the fair market value of the shares at the time of vesting), the difference will be taxable as a capital gain, at a rate up to 25%. If the sale price is lower than the cost basis of the shares, you may realize a capital loss.

There is an annual exemption of up to BWP 36,000 per year from capital gains taxation.

There is an annual capital gains tax exemption of up to BWP 36,000. In addition, only 75% of the realized gain is subject to taxation. The amount of a capital gain taxable is determined after deducting 25% difference between chargeable income accruing from the sale of shares and the total of any other deduction allowable.

Capital Gains

When you sell your shares, the local company will not withhold any taxes on the gains. You should report any gain or loss arising in your tax return for the tax year in which the sale took place.
